

## How to use our new Web Site

### Home Page

TOPRING understands that customers have different needs and that is why the site is divided into three main pages (or markets); **industrial**, **automotive** and **construction**.

Click on your market to get special tips and topics related to your specific needs.

#### Take care of your compressed air

- it will pay you back !

3 crucial steps allow you to maximize the performance of your compressed air network «F» for filtration, «R» for regulation and «L» for lubrication...

Learn how they work for you..!

[read more](#)

#### Is compressed air free?

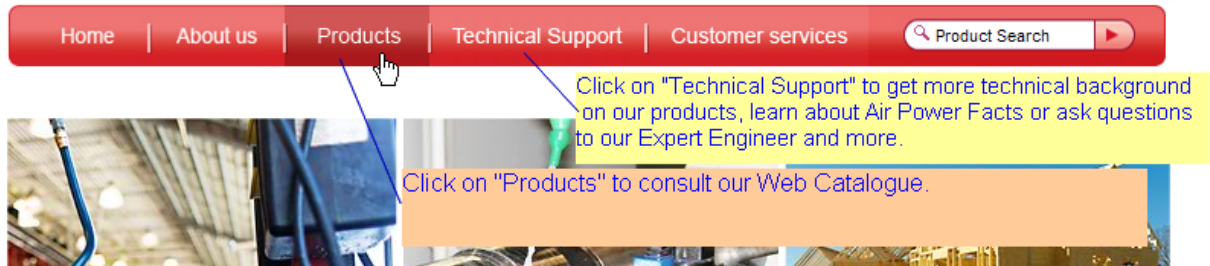

**Absolutely not**

Compressed air is an important industrial energy source. The versatility, flexibility and safety of compressed air as an energy transmitting medium ensure its use as an essential service.

Actually, 20 to 30% of a plant's energy expense serves to generate compressed air.

## Navigation Bar

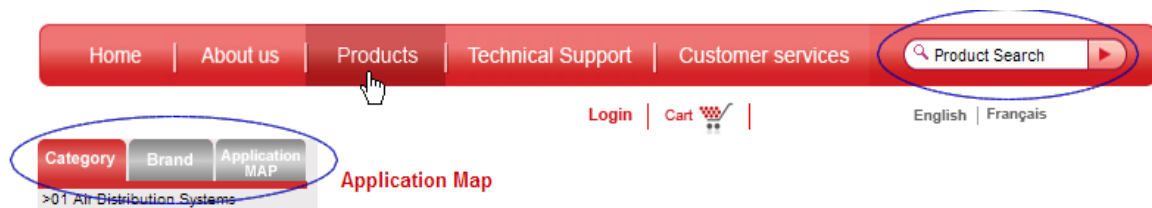

If you are a Topring Distributor, you will have access to a secure section to send your order/quote online. In our Web Catalogue, you will also have access to your price and our inventory level. Ask for information about this service at our Customer services.

## Web Catalogue

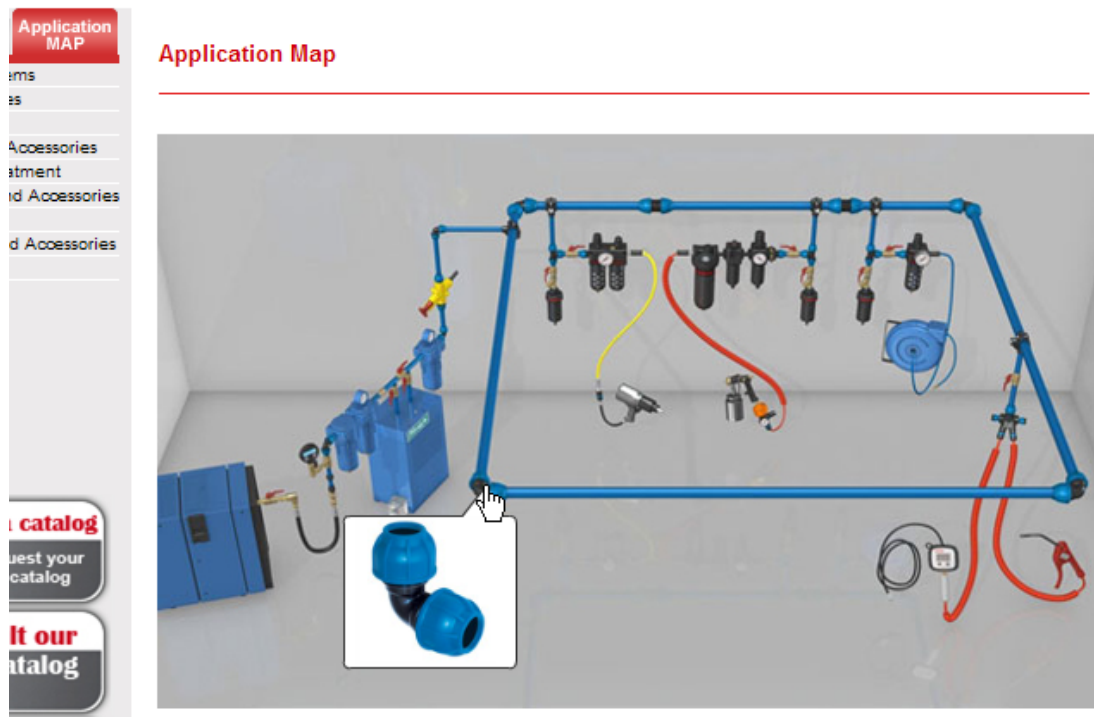

Look at these four (4) easy and efficient ways to find the product you are looking for.

- Search by Category
- Search by Brand
- Search on the Application Map
- Keyword Search (by keyword or product#)

## Search on the Application Map

At a glance, you have access to a typical installation of an Air Network System and its components. With your mouse, pass over the component you are looking for, and then click!

If you want to know more about the component, the « more info » link will lead you in the Web Catalogue, according to your selection.

Applications

Benefits

- Hardened Steel construction for strength
- Corrosion resistant for long service life
- Made precisely to standards to ensure compatibility

Navigate within the different Tabs of the product detail page to find all the relevant technical information and also, technical pictures or application pictures!

Benefits & Application	Technical specs and Tips	Accessories & Alternate Products	Typical Installation Pictures	Need to know
Item		23.142		
Type		ARO		
Body Size (In.)		1/4		
Tech Tip		Free angle fittings are designed to provide 360° of rotation and up to 75° of angle for air tool and air hose supply lines		

## Search by Brand

Click on “Brand” search, and then choose within our 30 different brands. Choose one in the left menu, then, on the right side of the screen, you will see all the product categories where this brand can be found.

The screenshot displays a web application interface with a navigation menu on the left and a main content area on the right. The navigation menu has three tabs: 'Category', 'Brand', and 'Application MAP'. The 'Brand' tab is selected and highlighted in red. Below the tabs is a list of 30 brand names, each preceded by a right-pointing chevron. A mouse cursor is hovering over the 'MAXAIR' brand name. The main content area has a header bar with the text 'MAXAIR'. Below the header, there are two product category boxes. The first box is titled '2B Self-storing Air Hoses - Polyurethane' and contains a sub-item '14 MAXAIR Polyurethane Self-Storing Air Hoses (Blue)'. Below this sub-item, the text 'MAXAIR Self-storing hoses' is displayed. The second box is titled '7A Air Hoses' and contains a sub-item '71 AIRFLEX & MAXAIR General Purpose Rubber Air Hose (Red)'. Below this sub-item, the text 'MAXAIR - Assemblies' and 'MAXAIR - Reels' is displayed.

## Keyword Search (by keyword or by product #)

Anytime, on the navigation bar, you have access to a search box. You can type a keyword or a product number.

Then, you will be linked in the Search Page. You can see that the system has found the product, but also other kits in which this item is included.

**Search**

Enter Keyword

(separate by comma "," for multiple keyword search)

---

**Filter by Category**

---

5 item(s) found

Image	Item# /Desc	Min.order			
	<a href="#">20.142</a> Plug - 1/4 (F)NPT-1/4 IND	10			Please login to see price and availability

Image	Item# /Desc	Min.order			
	<a href="#">20.704C</a> MAXQUIK Kit 20.842+20.142+20.242+41.105 1/4 IND 1/	1			availability

A kit that includes a 20.142

You can also type a keyword:

With over 350 products found, it is recommended then to filter by category. Look at the available Product Categories for this keyword with, within brackets, the number of hits.

Enter Keyword

(separate by comma "," for multiple keyword search)

#### Filter by Category

- 1/2 INDUSTRIAL Interchange Quick Couplers & Plugs (24)
- 1/2 INDUSTRIAL Interchange Quick Couplers & Plugs (24)
- 1/4 and 3/8 STÄUBLI Interchange Quick Couplers & Plugs (11)
- 1/4 INDUSTRIAL Interchange Quick Couplers & Plugs (58)
- 1/4 TRUFLATE Interchange Quick Couplers & Plugs (5)
- 1/4,3/8,1/2 Mold Coolant Quick Couplers & Plugs (41)
- 1/8 to 1" "ISO B" INDUSTRIAL Interchange Quick Couplers & Plugs (44)
- 1/8 to 1" INDUSTRIAL Interchange Straight Through Quick Couplers & Plugs (39)
- 3/8 & 1/2 TRUFLATE Interchange Quick Couplers & Plugs (25)
- 3/8 INDUSTRIAL Interchange Quick Couplers & Plugs (31)
- Air Line Accessories (2)
- Air Powered Special Purpose Guns (1)
